

JH150 Inline Duct Fan

150mm (5.9in)

GENERAL SPECIFICATIONS

Impeller:	PA66+25%GF
Housing:	SGCD2
Life:	30,000 hours
IP Rating:	IP44
Operating Temp:	-40°C~+80°C
Wire:	20 AWG

FEATURES

High efficiency inlet design
 Whisper-quiet performance
 Lubricated sealed ball bearings
 External rotor motor w/backward-curved centrifugal fan
 Includes housing, impeller, motor, base, and ABS connection box
